CHARACTERISTICS OF GEM

GEM has been positioned as a market designed to accommodate companies to which a higher investment risk may be attached than other companies listed on the Stock Exchange. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration. The greater risk profile and other characteristics of GEM mean that it is a market more suited to professional and other sophisticated investors.

Given the emerging nature of companies listed on GEM, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the main board of the Stock Exchange and no assurance is given that there will be a liquid market in the securities traded on GEM.

The Directors collectively and individually accept full responsibility for the accuracy of the information contained in this circular and confirm, having made all reasonable enquiries, that to the best of their knowledge and belief, there are no other facts the omission of which would make any statement contained herein or this circular misleading.

Chairman

15 October 2012

This appendix serves as an explanatory statement as required under the GEM Listing Rules to provide the requisite information to you for consideration of the Repurchase Mandate.

For the purpose of this appendix, the term “shares” shall be as defined in the Code on Share Repurchases to mean shares of all classes and securities which carry a right to subscribe or purchase Shares.

SHARE CAPITAL

As at the Latest Practicable Date, the Company had 3,942,505,023 Shares in issue or an issued share capital of HK\$39,425,050.23. As at the Latest Practicable Date, there were 250,310,000 outstanding share options granted under the Share Option Scheme entitling the holders thereof to subscribe for any Shares.

1. Share Capital

As at the Latest Practicable Date, the Company had 3,942,505,023 Shares in issue or an issued share capital of HK\$39,425,050.23. As at the Latest Practicable Date, there were 250,310,000 outstanding share options granted under the Share Option Scheme entitling the holders thereof to subscribe for any Shares.

Subject to the passing of the resolution approving the Repurchase Mandate and on the basis that no Shares will be issued, allotted or repurchased by the Company prior to the AGM, the exercise of the proposed Repurchase Mandate in full would result in up to 394,250,502 Shares, representing 10% of the total number of Shares in issue and a share capital of HK\$3,942,505.02 being repurchased by the Company during the period ending on the earlier of the conclusion of the next annual general meeting of the Company or the date by which the next annual general meeting of the Company is as required to be held by law or the date upon which the Repurchase Mandate is revoked or varied by an ordinary resolution of Shareholders in general meeting of the Company.

2. Source of Funds

The Directors propose that the repurchase of Shares under the Repurchase Mandate would be financed from the Company’s internal resources.

In repurchasing the Shares, the Company may only apply funds which are legally available for such purposes in accordance with the constitutive documents of the Company, the GEM Listing Rules and the applicable laws and regulations of the Cayman Islands. The laws of the Cayman Islands provide that the amount of capital repaid in connection with a share repurchase may only be paid out of either the capital paid up on the relevant shares, or the funds of the company that would otherwise be available for distribution by way of dividend or distribution or the proceeds of a new issue of the shares made for the purpose of the redemption. It is envisaged that the funds required for any repurchase of the Shares would be derived from the capital paid up on the Shares being repurchased and from the distributable profits of the Company.

3. Reasons for Share Repurchase

Although the Directors have no present intention of exercising the proposed Repurchase Mandate, the Directors believe that the flexibility afforded by the proposed Repurchase Mandate would be beneficial to the Company and the Shareholders. An exercise of the Repurchase Mandate may, depending on market conditions at the time, lead to an enhancement of the net asset value and/or earnings per Share and will only be made when the Directors believe that repurchase of Shares will benefit the Company and Shareholders as a whole.

4. Share Prices

6. Takeovers Code Consequence

If as a result of a repurchase of shares, a Shareholder's proportionate interest in the voting rights of the Company increases, such increase will be treated as an acquisition for the purpose of the Takeovers Code. As a result, a Shareholder, or a group of Shareholders acting in concert, depending on the level of increase in the Shareholder's interests, could obtain or consolidate control of the Company and become obliged to make a mandatory offer in accordance with Rules 26 and 32 of the Takeovers Code.

Based on the shareholding of the substantial shareholders of the Company set out above, in the event that the Directors exercise the power to repurchase shares under the Repurchase Mandate to be proposed at the AGM in full to the extent of repurchasing 394,250,502 Shares, the shareholding of Mr. Wang Zhong Sheng and parties acting in concert with him will increase from 27.94% to 31.05%, then Mr. Wang Zhong Sheng and parties acting in concert with him will be required to make a mandatory offer under the Takeovers Code.

Save as set out above, the Directors are not aware of any consequences which may arise under the Takeovers Code as a result of any purchase made under the Repurchase Mandate. However, the Company undertakes not to repurchase shares which would result in the amount of shares held by the public being reduced to less than 25 per cent of the issued share capital.

7. Disclosure Of Interests Of Directors And Connected Persons

- (i) As at the Latest Practicable Date, none of the Directors nor, to the best of their respective knowledge and belief and having made all reasonable enquiries, their associates (as defined under the GEM Listing Rules), have any present intention, if the Repurchase Mandate is approved by the Shareholders and is exercised, to sell any Shares to the Company or any of its subsidiaries under the Repurchase Mandate.

8. Material Adverse Change
